SUMMER **CLEARING** SALE-

This year we make it short and sharp. It includes all goods suitable for summer wear in both stores, and the prices are the kind that make things lively.

This is the season's clearing up time; there are things in every section of the store that will be sold now because they are offered at so much less than they are worth. For the next few weeks the stores will be a bargain lover's paradise, but those will necessarily do best who come first.
